Laughs as She Is Committed for Contemp by Judge Curtis of Bridgeport-All Comes of Refusing to Pay a 8800 Judgment-Says It Is the Lord's Will.

BRIDGEPORT, Dec. 7.-Because she perstently refused to reveal the depository of \$500,000 in Government bonds after being warned that her conduct constituted conmpt of court and that the only punish ment provided by the statutes is confine ment in jail, Mrs. Mary E. Wright Smith again defied Judge Howard J. Curtis in the on Pleas Court to-day and was committed to the county jail for an indefinite Mrs. Smith admitted to the Court again

to-day that she had \$300,000 in Government bonds, and said that she will never tell where they are deposited. She has other interests which raises the value of her forture in excess of \$500,000. She is a business woman of the modern type and has reestedly spurned the advice of her friends

her present predicament.
Orrin F. Dailey, a New York hat manufacturer, brought suit against Mrs. Smith bout six months ago to recover \$300 for fice rent contracted some years ago when Mrs. Smith conducted a hat leather business in New York city. During the trial of the case she had as her counsel Miss I. N. Pet-Weberbury, lawyers. The case was tried before Judge Howard J. Curtis of Common Pleas court. She declared after the case was decided against her that she would never pay the judgment, which amounted to \$300 with costs.

Attorney Carl Foster, counsel for Mr. Dalley, gave Mrs. Smith a reasonable time idate the judgment. She made no effort to do so. Search failed to reveal eny attachable property, and she was brought into court on Nov. 24 to reveal the whereabouts of her bonds, having converted her real estate, it is alleged, to avoid paying the judgment. She stubrefused to answer the questions put to her, first by counsel and then by Court. It was necessary to adjourn the hearing. Defiant as ever, she appeared in court two days later, to which time the hearing was adjourned. Re-fusals to answer all questions in relation to the depository of her bonds led to an

extension of time.

Judge Curtis told Mrs. Smith that she ould have until last Tuesday to either liquidate the judgment or reveal where she had hidden her bonds. The weather was stormy on Tuesday and Mrs. Smith did not appear in court at all. Having exhausted the patience of Judge Curtis, he caused contempt proceedings to be instituted against her and a Sheriff searched for two days before he found her.

When Mrs. Smith was arraigned to-day Judge Curtis told her that he would overlook her previous contempt of court, provided she answered the questions put to her. If she desired to do this, he told her to take the witness stand. She did so. Asked

where her bonds were, she said:
"I refuse to say where they are. Those bonds are outside the State and this court can have no jurisdiction over them. As they are not in Connecticut I deny the right f this court to question me in regard to

I am not frightened by having to go to sail. I have maintained that Mr. Dalley's bill is unjust and I have had no reason to change my opinion, the decision of the Court to the contrary notwithstanding. "I promised to settle this judgment once but they have been so severe on me that I won't pay it now. There are several other similar cases pending against me, which are also unjust and which I will contest. The laws are not fair to women. Men have advantages over us and it is not right. I am a great admirer of good laws,

It consisted of corned beef and cablage and a few segetables. She ate her share of it and said that it tasted good. Sheriff Hawley then conducted her to the apartment which she will occupy. One of the recent occupants of it was Mrs. Nancy Guilford, who is now serving a term of ten rears in the State Prison at Wethersfeld for causing the death of Emma Gill of Southington by majpractice.

Depew's "bachelor dinner" prior to his departure for Paris to wed the lady of his choice, Miss May Palmer. The beautiful dining room was brilliantly decorated, having been recently put into shape ready for the advent of the future Mrs. Depew, and the great square table, surrounded by the blushing host and his twenty-eight guests, was spread with the elegant simplicity befitting a stag dinner. The centre of the table was set with an elab orate gold candelabrum, from which shone a number of candles, while pink roses and rich out glass, with the Senator's superb dinner service, made the table a most attractive board, around which Senator Depew's friends pledged his health, his safe voyage across the water and his happy

WASHINGTON, Dec. 7 .- The trustees of the McKinley National Memorial Association met to-day at the Arlington with Senator Hanna, former Secretary of the Interior Bliss and others in attendance. A proposition from the Washington Memorial Association, that all money collected outside of the District of Columbia and the State of Ohio shall be divided between the two associations in the proportion of one-

third to the Canton and two-thirds to the Washington fund, was under discussion. The Executive Committee of the Canton fund declined to accept the proposition for joint work and a division of the funds and submitted a counter proposition that the Arch Association confine itself to se-curing an appropriation for the arch from Congress, leaving the field of popular subscription open to the other association which proposes to erect a memorial at Can-ton. The delegation from the Arch Association had no authority to accept this proposal, which will be laid before its ex-ecutive committee on Monday aftermoon.

Among those in attendance at the National Memorial Association's meeting were Cor-nelius N. Bliss of New York, former Gov. Francis of Missouri, Gov. Yates of Illinois, Judge Day of Canton, Ohio, Senator Fair-banks of Indiana, Myron T. Herrick of Cleveland and John G. Milburn of Buffalo.

Mrs. Fair came to Kansas City several weeks ago and registered from Chicago at the Hotel Savoy. One day she dropped her handkerchief in the street and Father Politeo picked it up for her. They spoke and later met at church meetings. On Nov. 19 they went to St. Joseph and were secretly married.

The priest gave his own name and the bride gave that of Eva M. Sprinsteen. The agreement was that the marriage should be kept secret two years and then Father Politeo would leave the priesthood and practise medicine. The wife in a few days, however, demanded for her support \$5,600. The priest demurred. She retained as counsel Noyes & Heath of this city, and he offered \$1,000. Father Politeo is 37 years old. He is a native of Croatia, and was exiled from Dalmatia while a priest there for political reasons.

OLD DETECTIVE SERGEANTS WON'T STAND FOR MURPHY'S MEN.

Decline to Receive Them Into Their Asso clation -- Promotions Will Be Upset and The y'll Want Us to Fight for Them, Veterans Argue-Turn Down Devery.

The Detective Sergeants' Association fifty prosperous policemen and wardmen recently appointed to detective sergeantcies by Commissioner Murphy. The old detectives say that the promotions will be upset by the incoming administration or the courts, and they cannot see why the burden of defending the jobs of the new men should be put on their shoulders.

Deputy Commissioner Devery, through his confidential man, Detective Sergeant Sugden, who is a member of the association, has taken the side of the new appointees and has used all his influence o have the new men admitted to the organization. But the old detectives have stood firm. When the applications of some of the new men for admittance to the association were presented at a meeting of the association early in November, they were put over to Jan. 1. Then Col. John F. Partridge will be in control of the Police Department. This was all done despite the strongest protest from Sugden, who was present, as all the other sergeants well

understood, as Devery's representative.

The meeting was held in the Grand Jury room in the Kings County Court House, Brooklyn, when Detective Sergeant William Brown, as secretary of the association, read off the list of the applicants for membership. Detective Sergeant Frank

I think that by admitting them the association will be put under a burden that doesn't belong to it. These men have no legal standing and there is sure to be a fight over their appointment. If we elect them to membership we will have to help them in their fight. It is not our fight and I, for one, am not in favor of giving this association any more trout-

our fight and 1, for one, am not in favor of giving this association any more trouble and expense than are necessary."

Sergt. Sugden tried to argue that this contention was foolish. Then he insisted that a vote be taken. He said other things, too, and there was a warm discussion. The result of the vote was that the applications were laid on the table for future con-sideration. Last Tuesday the associa-tion decided not to take any action on the

applications until Jan. 1. The old detectives have another reason for keeping the new men out of their associa-tion. There are a good many people who believe that these new detective sergeants, appointed by Col. Murphy without a civil service examination, will not stand. Nevertheless, the demand for the jobs exceeds the supply and the price now quoted at \$2,500 to \$4,000 may go up

Locked Up. Samuel B. Lambdin of 70 Howard avenue, Brooklyn, charged by the police with sending threatening letters to George J. Gould and other officials of the Western Union Telegraph Company, was yesterday ocked up in Raymond Street Jail. A technical charge of vagrancy made against him will be changed, it is said, to one of sending threatening letters through the mail.

One of the letters which Mr. Gould received read: ANARCHIST SOCIETY, BRANCHES IN ALL PARTS

Mr. — Some time ago we wrote you either resign or be assassinated by us. You have ignored our demand. You have, therefore, sealed your own doom. Prepare to meet your God.

By Order of the Anarchist Society.

The letters were typewritten on Western Union Telegraph blanks and they were decorated with skulls and crossbones. The detectives say they traced Lambdin by means of the typewriting.

Lambdin was for twenty-three years employed as a telegraph operator by the Western Union Telegraph Company. He was discharged fifteen months ago. He is of slight build and nervous manner. He

BILLS FOR COLLEGE RIOTERS. Heavy Demands for Damage Done to Be Settled by Cleveland Students.

CLEVELAND, Ohio, Dec. 7.-The students of the Western Reserve University and the Case School of Applied Science have some big bills to pay as a result of their hazing adventures of the past week. Among other things they stopped several street cars and practically wrecked them, and the street car company has presented a bill of over \$1,000 with a notice that if the bill is not paid suit will be begun. A bill for \$150 represents the result of a trip of devastation through a boarding house, and one of \$800 will have to be paid to repair damages to the interior of the dormitory at Adelbert College and the outside stone work of the

nain building.
The faculties of both colleges have decreed that the bills must be paid or the riot-ous students suffer expulsion. The city police have taken a hand in the game and notified the college authorities that if there are any more riotous acts the perpetrators will be placed behind the bars.
